## **FLIPDOOR The Art of Storage**

Sophisticated design and functionality  
combined into one unique concept

[www.rehau.com/flipdoor](http://www.rehau.com/flipdoor)

# Engineering progress

What motivates the furniture industry?

The continuous search for ground-breaking innovations paired with necessity, all of which are engrained in REHAU's DNA.

This is why we always look at our existing products, to turn something good into something even better whilst setting new trends. Remaining focused on quality has helped shape us into who we are today. In a nutshell: Engineering progress. Enhancing lives.

**Enhancing lives**

# Replace the ordinary with innovation.

If you approach storage space creatively, and think about functionality beyond the ordinary, then a piece of furniture suddenly turns into more than just a simple overhead kitchen cabinet. You end up with something completely new: FLIPDOOR.

Or as we like to call it:  
The Art of Storage.

**What makes  
FLIPDOOR  
different**

**Exceptional aesthetics**

At first glance, the sleek and simple lines of the FLIPDOOR are captivating. The invisible track system only adds to the true elegance of the opening mechanism.

**Exceptional design**

Because looking good isn't quite enough, FLIPDOOR impresses users beyond all levels: from the smooth scissor-like mechanism, to space-saving opening and all delivered pre-assembled.

**Exceptional material**

Manufactured from durable, low-maintenance RAUVISIO crystal, FLIPDOOR works in perfect harmony with other furniture made using REHAU surfaces.

**Uniquely elegant**

FLIPDOOR is visually appealing - open or closed.  
FLIPDOOR is always pleasing to the eye thanks to the unique opening mechanism and the chamfered cut of the slats.

# It's all in the detail.

## Design highlight

Is it the elegant opening mechanism, or the invisible track that results in a seamless finish? Or is it the vast colour options that the RAUVISIO crystal range offers, that can create a subtle or an eye-catching design? Whatever it is: The result is a stunning kitchen - every time, with FLIPDOOR.

## Safe and efficient

The light weight of RAUVISIO crystal slats mean that the FLIPDOOR opens extremely easily, even during tricky situations like putting away the dishes with your hands full!

With no protruding edges, the risk of injury is reduced compared to other opening mechanisms.

The magnetic latch makes a satisfying click when closing.

## Ready to use

The sophisticated opening mechanism doesn't turn the installation into a complicated process.

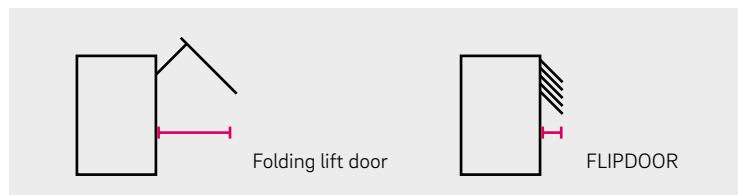

In fact quite the opposite: FLIPDOOR is delivered pre-assembled and ready to install.

Once the cabinet is in use, individual slats can be replaced if necessary by the service team.

## A space-saving marvel

The opening mechanism makes FLIPDOOR the ideal space-saving solution.

Over 70% less space required when compared to a folding lift door.

# Stand out from the crowd.

## Add a little variety

FLIPDOOR is available in up to five different RAUVISIO crystal solid colours and consequently ensures a seamlessly coordinated design with other pieces of furniture made with REHAU surface materials.

All other RAUVISIO crystal colours are also available depending on the order volume. The current collections and sample service can be found at

[www.rehau.com/surfaces](http://www.rehau.com/surfaces)

## A selection of current RAUVISIO crystal solid colours:

Black

Titanio

White

# Ambition without compromise.

FLIPDOOR is made using our exclusive RAUVISIO crystal glass laminate. The material hosts a range of advantages that surpass real glass.

**Moisture resistant**

Everyday spillages and kitchen steam are not an issue for the resilient RAUVISIO crystal material.

**Easy to clean**

Water and a microfibre cloth are all you need to clean the sealed surface.

**Resistant to scratches**

Thanks to its UV paint, RAUVISIO crystal is highly scratch-resistant and resilient. However, should you ever need to change the slats, they can be quickly and easily replaced on an individual basis.

**Anti-fingerprint**

RAUVISIO crystal's soft-touch coating on matt surfaces makes it pleasant to the touch and resistant to fingerprints.

**Shock-resistant**

RAUVISIO crystal takes the rough and tumble of everyday kitchen use in its stride with outstanding levels of shock resistance. It's a feature loved by installers and homeowners alike.

# Facts not fiction.

## Quality

- 80,000 test cycles according to RAL-GZ 430 (minimum requirement 40,000 cycles)
- Reinforced slats for extra stability
- Materials according to REACH
- PEFC certification of the REHAU wooden parts
- PAK certification

## Design

- Frameless design with integrated invisible track system and scissor-like mechanism
- Chamfered edges results in ideal light reflection and an attractive appearance
- Integrated aluminium handrail
- Engineered in Germany

## Your order options

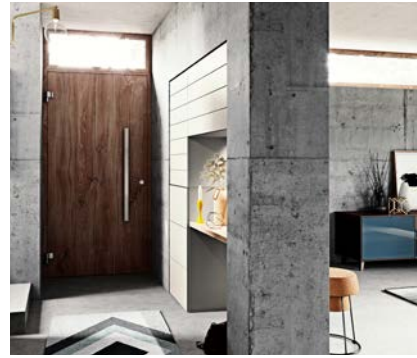

### 1 Complete sets from our quick delivery product range\*

We offer you a selection of combinations as prefabricated sets. The advantage being that they can be supplied faster and are available to you within a short period of time.

**Dimensions:** width 900 mm, height 780 mm, depth 373 mm

Set	Material number	Cabinet	Front	Handrail
1	17077111001	 White 154726	 Bianco 1696L matt	Stainless steel
2	17077111101	 White 154726	 Bianco V2778 HGL	Stainless steel
3	17077111016	 Taupe grey 154729	 Titanio 2109L matt	Stainless steel
4	17077111014	 Black 154730	 Piano 2016L matt	Onyx black
5	17077111114	 Black 154730	 Piano 2015L HGL	Onyx black

\* available ex stock, incl. 2 glass shelves, carcass in matt made of coated particle board, front made of RAUVISIO crystal slim

## 2 Configure them yourself\*\*

We recommend our configurator if you are looking for a customised solution which may take a little longer to deliver. Access our entire collection and tailor them to your ideas: [www.rehau.com/services](http://www.rehau.com/services).

If the configurator is unavailable in your country, please contact a REHAU sales employee in order to enable individual combinations.

1 Cabinet size	2 Cabinet	3 Front	4 Handrail
