

# RAUVISIO innara

## Sustainability statement

### Social responsibility

#### Status quo

- Appreciative working environment
- No low-wage production, exploitation or child labor
- Integration of people with disabilities in the manufacturing of samples (Hochfränkische Werkstätten Hof)
- Attractive remuneration at all locations

#### Objective

- Proactive implementation of due diligence throughout the entire supply chain (new supply chain law and European directive)

### Resource-saving packaging, waste prevention

- Both disposable and reusable packaging is used
- Zero-waste policy: Wherever possible, directly produced waste is returned to production using clever process technologies.
- Our boards can be reconditioned and reprinted

### Quality of being recognized as safe

- No raw materials containing asbestos
- No adhesives
- No pigments containing lead
- No compounds containing chlorine
- No heavy metals
- No restrictions to indoor use
- RoHS and REACH compliance
- VOC compliance
- Contains no harmful substances which could impair product recycling

## Our areas of activity

### Energy efficiency and conservation of resources

Completely energy self-sufficient production thanks to photovoltaics and waste recycling

### Material composition and structure

- Mineral substrate:
  - 82% mineral components (lime, clay and silicates)
  - 18% natural fibers
  - Very hard-wearing and durable (waterproof, non-combustible A2-s1, d0, scratch-resistant, chemical-resistant and easy-care)
  - 100% polymer-free
  - Use of renewable and recyclable materials
- Lightfast digital printing:
  - Direct digital printing
  - Approx. 5 g ink / m<sup>2</sup>
- Hard-coat finish:
  - No nanotechnology
  - High scratch and chemical resistance
