RAUVISIO crystal

Colors are the essence of any interior. Create each concept in perfect harmony with your individual color and material requirements.

With our RAUVISIO crystal surface material, the interplay of colors is limitless, matching your individual solid color specification. Whether it is matt and high gloss, it creates its very own dynamics in the room, providing you with something unique. Highlighted and focused, or large-scale – the material properties of the smart glass provide design freedom.

Advantages at a glance

Custom colors to meet your needs

More scratch- and break-resistant than real glass

Lighter than real glass

Easy to clean and anti-fingerprint finish on matt surfaces

Processing with woodworking tools

Design flexibility through millings and backlighting

Pressed boards 2,800 x 1,300 x 19/3.5 mm

Peach Fuzz

fluffy – warm – vibrant

The Pantone trend color of the year 2024 reflects current spirit of time. It synonymous with warmth and security that we crave in the current times. Colors can be combined in a variety of ways in interiors. In combination with warm pastel shades, it provides that certain something and lends the room a discreet freshness and liveliness.

matt 3172L

high gloss 3173L
