Dream kitchen in natural colours

Dream kitchen in natural colours

The entire collection of colours offered by the view of the surrounding landscape is reflected in the ultra-modern kitchen of this holiday flat. In the elegant apartment complex in Rogowo, Poland, architects, interior designers and the flat owners put a lot of emphasis on exquisite furnishings that, at their best, blend in with the surroundings.

Inspired by the nearby dune forest, the owners opted for sand-coloured surfaces, furniture and objects when decorating the flat. It is mainly thanks to the RAUVISIO acrylic laminate that this decision became a real feast for the eyes. The material enables outstanding design for the coating of vertical furniture fronts and can be processed effortlessly. Coordinated with the REHAU furniture fronts in cubanite metallic colours, the result was a harmonious overall appearance that not only makes the hearts of the owners beat faster, but also those of every holiday guest.
