Minimalist in black and white

Minimalist in black and white

The elegant apartment complex in Rogowo, Poland, stands for high-quality, modern and exclusively furnished flats. Inspired by the Baltic Sea beach and dominated by the owner's preference for a certain minimalism, a black and white colour concept was created in this flat. The combination of these two tones gives the flat a minimalist but highly modern character.

The concept was also perfectly realised thanks to RAUVISIO. This acrylic laminate underlines current trends in furniture design and interior design. The versatile surface shows excellent colour quality and brilliance and replaces high-quality lacquer elements. The material is also available in a noble matt finish. In this flat, those responsible used the RAUVISIO brilliant bianco and moro material, creating an elegant and resistant highlight in the tastefully furnished kitchen.
